Executive Summary

On March 15, 2012 the Select Standing Committee on Parliamentary Reform, Ethical Conduct, Standing Orders and Private Bills (the Committee) was authorized to “examine, inquire into and make recommendations on the matter of the *Members’ Conflict of Interest Act* (RSBC 1996 c. 287).” The Act provides a framework for dealing with conflicts of interest involving Members of the Legislative Assembly. It also makes provision for the appointment of the Conflict of Interest Commissioner, an independent officer of the Legislative Assembly. Introduced in 1990, the Act has been reviewed only once by an all-party parliamentary committee (1997-1999).

As part of its review of the Act, the Committee agreed to hold public consultations and to hear presentations from expert witnesses. Conflict of Interest Commissioner Paul Fraser, Q.C. was also invited to provide commentary on the Act. During the months that followed, the Committee received two briefings from the Commissioner, along with three formal written submissions containing detailed proposals and draft amendments. In addition, five expert witnesses made presentations to the Committee. Ten written submissions were received from members of the public during the seven-week consultation period.

In the course of its inquiry, the Committee heard support for the existing legislation. Submissions described how the Act continues to serve its intended purpose and provides an effective statutory framework for Members’ conflict of interest. Several proposals were also made to update and improve the Act, through the incorporation of new sections and changes to existing provisions.

This report makes 34 recommendations that are designed to modernize and enhance the Act and the role of the Commissioner. They include recommendations to expand the powers and jurisdiction of the Commissioner, to update and clarify existing provisions, and to promote greater transparency of Members’ financial disclosure statements. It is also recommended that the Act be amended to allow for future reviews of the legislation.

The Statutory Framework

Introduced in 1990, the *Members' Conflict of Interest Act* provides a statutory framework for dealing with conflicts of interest involving Members of the Legislative Assembly. The Act defines conflict of interest and prohibits a Member from exercising an official power or performing an official duty or function if he or she has a conflict of interest or an apparent conflict of interest. Each Member is also required to file with the Commissioner a confidential financial disclosure statement containing information relating to the Member's assets, liabilities, financial interests, and other information prescribed by regulation. In addition, the Act contains post-employment restrictions for former members of Executive Council (cabinet) and parliamentary secretaries.

The Act makes provision for the appointment of the Conflict of Interest Commissioner, an independent officer of the Legislative Assembly. The Commissioner's responsibilities include providing opinions and advice to Members, conducting inquiries, and recommending penalties for contraventions of the Act. The Commissioner also receives Members' confidential financial disclosure statements, prepares public disclosure statements, and reports annually to the Legislative Assembly. The Commissioner has the power to make regulations, subject to the approval of the Lieutenant Governor in Council, prescribing any matter contemplated in the Act. The *Members' Conflict of Interest Act Regulation* (BC Reg 266/2010) contains the existing forms used for Members' confidential disclosure statements.

In accordance with the Act, a person may be appointed Commissioner by the Lieutenant Governor in Council on the motion of the Premier in the Legislative Assembly and on the recommendation of two-thirds of the Members present. The term of the appointment is five years and may be renewed for a further term or terms. Compensation for the Commissioner is set by the Lieutenant Governor in Council and is currently 75 percent of the annual salary of the Auditor General, who receives a salary equal to that of the Chief Judge of the Provincial Court of British Columbia

1997-1999 Statutory Review

Between 1997 and 1999, the Select Standing Committee on Parliamentary Reform, Ethical Conduct, Standing Orders and Private Bills undertook the first review of the *Members' Conflict of Interest Act*. The review included presentations by five expert witnesses, including then Commissioner H.A.D. Oliver and former Commissioner Ted Hughes. Thirty-four written submissions were also received from members of the public. The Committee's final report, released on December 6, 1999, contained 15 recommendations for the Act. A chronology of key amendments to the 1990 Act is provided below.

Legislative Timeline: *Members' Conflict of Interest Act*

The *Members' Conflict of Interest Act* has been amended several times and reviewed once by a parliamentary committee. The most significant amending legislation was enacted in 1992.

June 26, 1990: The *Members' Conflict of Interest Act* was introduced (SBC 1990, c. 54). The Act was brought into force, effective December 1, 1990 and Ted Hughes was appointed as Acting Commissioner, effective October 1, 1990 (OIC 1512-1990). Hughes would later be appointed for a full five-year term (OIC 789-1991).

June 23, 1992: The *Member' Conflict of Interest Amendment Act, 1992* was passed (SBC 1992, c. 64). The bill amended definitions for conflict of interest, post-employment rules, filing and disclosure processes, and Member conduct and penalties. Most of the changes were brought into force November 4, 1992 (BC Reg 424/92).¹

December 15, 1992: A minor amendment to the Act consequential on the new *Labour Relations Code* (SBC 1992, c. 82) was passed.

July 15, 1999: A subsection containing pension provisions was removed from the Act (SBC 1999, c. 44).

August 27, 2001: The Act was amended to clarify provisions for a Member entrusting his or her business to a trustee (SBC 2001, c. 43).

May 9, 2002: The definition of “private corporation” was amended consequential on the *Securities Amendment Act* (SBC 2002, c. 32).

October 30, 2003: A minor amendment to the Act consequential on the *Business Corporations Amendment Act, 2003* (SBC 2003, c. 70) was passed.

March 15, 2007: Amendments to the Act consequential on the *Public Inquiry Act* (SBC 2007, c. 9) were passed. The Commissioner was also granted new powers to enforce summons and to punish for contempt.

November 24, 2011: The definition of spouse was amended by the *Family Law Act* to include persons living “in a marriage-like relationship” (SBC 2011, c. 25). The Act previously defined spouse as “a person living with a member as husband and wife.”

¹ Two sections of the amending legislation were never brought into force and were later repealed pursuant to the *Supplements Repeal Act* (SBC 2006, c. 33). These included changes to section 8 (Carrying on business) and one transitional provision.

The Consultation Process

Briefings

On May 2, 2012, the Conflict of Interest Commissioner, Paul Fraser, Q.C., appeared before the Committee as the first witness for the statutory review. The Commissioner presented a written submission identifying areas of potential reform. Two additional submissions containing specific proposals to amend the Act were also forwarded to the Committee on May 31, 2012 and July 31, 2012. The Commissioner made a second presentation to the Committee on July 31, 2012 to discuss the proposals and to answer questions.

In addition, expert witnesses were invited to provide briefings to the Committee on the Act. Two meetings were held in Victoria on June 20, 2012 and June 26, 2012 to hear presentations from the following witnesses:

Dr. Gregory Levine
Dr. J. Peter Meekison
David Mitchell (by teleconference)
Dr. Patrick Smith, Simon Fraser University
Lynda Tarras, BC Public Service Agency

The schedule of meetings is contained in Appendix A.

Written Submissions

The Committee accepted written submissions from the public from May 10, 2012 to June 29, 2012. A public call for submissions was posted on the Committee website and an advertisement was placed in several provincial daily and ethnic newspapers. Members of the Association for Former MLAs of BC were also invited to provide commentary on the Act. Public input was accepted via a web-based submission form, as well as by email, fax, and regular mail.

Ten written submissions were received during the consultation period from the following private citizens:

Part 1 – Scope of the Act

Ethics and Integrity

The Act provides a legislative framework for dealing with conflicts of interest involving Members of the Legislative Assembly. It defines conflict of interest and prohibits a Member from exercising an official power, or performing an official duty, if the Member has a conflict of interest or an apparent conflict of interest.

During its inquiry, the Committee received submissions calling for the Act to be expanded to include some kind of statement regarding Members' integrity and ethical behaviour. It was pointed out that situations may arise when a Member's conduct is ethically questionable but not in breach of an existing provision in the Act. The Commissioner's submission, for example, called for an ethics and integrity dimension to be formally recorded in the Act, along with amendments that would articulate ethical standards, add a purpose clause, and rename the title of both the Act and the Commissioner. The Northwest Territories' *Legislative Assembly and Executive Council Act* was also cited as containing enforceable provisions that would require a Member to: (a) perform his or her duties of office with honesty and arrange his or her private affairs in such a way as to maintain and enhance public confidence and trust in the integrity and ethical conduct of the member; (b) arrange his or her private affairs and act generally to prevent any conflict of interest from arising; and (c) make all reasonable efforts to resolve.

The Committee considered these proposals and agreed that the Act should include guidelines setting out broad obligations of Members rather than a preamble. It favours enforceable provisions like those contained in the Northwest Territories statute.

Recommendation

1. Add a section setting out broad obligations of Members similar to section 75 of the Northwest Territories' *Legislative Assembly and Executive Council Act*.

Plenary Jurisdiction

The Commissioner's powers of investigation under the Act are request-driven, initiated by Members of the Legislative Assembly, members of the public, the Legislative Assembly, or the Executive Council (cabinet).

The Commissioner's submission to the Committee noted that other jurisdictions have legislation granting commissioners independent powers to investigate possible contraventions

of the Act. The Commissioner advised that such plenary powers were not necessary in British Columbia as members of the public currently have the ability to request the Commissioner's opinion on matters. He also explained that it is preferable for the Commissioner's advisory and investigative roles to remain separate and distinct.

After considering the matter, the Committee agrees with the Commissioner and does not recommend amending the Act to include powers of plenary jurisdiction.

Potential Application of the Act to Unelected "Public Office Holders"

The Act applies to Members of the Legislative Assembly, including Members of Executive Council (cabinet ministers) and parliamentary secretaries. It does not apply to unelected public office holders, including senior ministry officials, political staff, and other persons appointed by Lieutenant Governor in Council pursuant to the *Public Service Act*.

During the consultations on the *Members' Conflict of Interest Act*, the Committee considered proposals for the Act to be amended to include jurisdiction over appointed public office holders such as deputy ministers, senior government officials, ministerial assistants, CEOs of Crown corporations, and other appointees. Some submissions to the Committee called for the Act to be extended to these officials as they are privy to confidential information and may potentially exert influence over policy decisions and legislative initiatives. Others pointed out that guidelines for conduct currently exist for persons appointed to the public service. In her presentation to the Committee, Lynda Tarras, head of the BC Public Service Agency, explained that the province is well covered by the existing framework, which includes an Oath of Employment, Standards of Conduct, and Post-employment Restrictions for Senior Management.

After due deliberation, the Committee agreed that unelected public office holders should not be required to follow the same statutory guidelines as that of Members. Nonetheless, the Act should be amended to include some provisions for Deputy Ministers, Assistant Deputy Ministers, Associate Deputy Ministers, Ministerial Assistants, and any other members of a Minister's staff who have routine access to cabinet documents and other sensitive ministry information. At a minimum, the Committee thinks that these public office holders could be required to file with the Commissioner, on an annual basis and upon their departure from the public service, a signed statement affirming that they have reviewed the Oath of Employment and the Standards of Conduct and agree to be bound by them. The Committee also endorses granting the Commissioner the power to receive complaints, conduct investigations, and impose sanctions for breaches of the Oath of Employment and/or Standards of Conduct.

The Committee also considered whether the Act should be extended to CEOs of Crown Corporations. Mindful that Crown corporation boards maintain their own guidelines for ethics and practice, the Committee encourages the government to work with such boards to review the adequacy of existing guidelines.

Recommendations

2. Require Deputy Ministers, Assistant Deputy Ministers, Associate Deputy Ministers, Ministerial Assistants, and any other members of a Minister's staff who have routine access to cabinet documents and other sensitive ministry information to file annually, and upon leaving the public service, a signed statement with the Commissioner affirming that they have reviewed the Oath of Employment and the Standards of Conduct and agree to be bound by them.
3. Empower the Commissioner to receive complaints, conduct investigations, and impose sanctions for breaches of the Oath of Employment and/or Standards of Conduct involving such persons.

Potential Application of the Act to Municipal Officials

Currently, the Act does not apply to elected representatives of local governments, such as municipalities and regional districts. Conflict-of-interest guidelines for local government officials are currently prescribed in the *Community Charter* (Part 4 Division 6) and the *Vancouver Charter* (sections 145.2-145.92).

During its consultations, the Committee heard requests for the Act to be amended to apply to municipal officials. Dr. Patrick Smith, for example, noted how previous Commissioners have reported significant numbers of “non-jurisdictional” requests for advice from local governments. He recommended that the Commissioner's jurisdiction be expanded to include representatives of local government. Other written submissions to the Committee called for the legislation to be widened to include any elected officials in the province along with their executive staff.

The Commissioner's submission, however, cautioned the Committee against expanding the scope of the Act to include local governments. Noting that the topic has been previously raised by former commissioners and the Union of British Columbia Municipalities, the Commissioner stated that existing conflict-of-interest provisions in the *Community Charter* are comprehensive. The UBCM has also made it clear in their policy papers that it is difficult to apply the *Members' Conflict of Interest Act* because the legislation was developed specifically for MLAs.

After considering the matter, the Committee agrees with the Commissioner that the Act need not be amended at this time to cover local government officials. However, the Committee encourages the provincial government to engage with the UBCM to determine how conflict-of-interest oversight can be better administered at the local government level.

Post-employment Matters

Section 8 contains post-employment rules for former members of the Executive Council (cabinet ministers) and former parliamentary secretaries. Under the Act, both are subject to a 24-month “cooling off” period after the date when they ceased to hold office. During that time, they must not accept any government-approved contracts or benefits.

During the consultations on the Act, the Committee considered whether current post-employment guidelines should be revised. For example, it was noted that the guidelines were often overly-restrictive for parliamentary secretaries, whose responsibilities are significantly less than that of members of Executive Council, and limited to particular matters. The Committee also contemplated changing the 24-month post-employment prohibition for Members of the Executive Council.

After deliberation, the Committee agrees that the existing 24-month post-employment restriction for parliamentary secretaries is restrictive and proposes that it be limited to a 6-month period and to matters that were the focus of the Parliamentary Secretary’s specific responsibilities. The Committee does not endorse any change to post-employment rules for Members of the Executive Council.

In addition, the Committee suggests a minor revision to section 8 to clarify that “ceased to hold office” refers to holding office as a member of the Executive Council or as a parliamentary secretary and not to the term of office as a Member of the Legislative Assembly. In correspondence to the Committee, the Commissioner confirmed that past practice for the office has been to interpret this section accordingly, and that a simple change in wording would remove any uncertainty.

Recommendations

4. Continue the post-employment restriction for a former parliamentary secretary but limit the restriction period to 6 months and to matters that were the focus of the parliamentary secretary’s specific responsibilities.
5. Amend section 8 to clarify that “ceased to hold office” refers to holding office as a member of the Executive Council or as a parliamentary secretary.

Part 2 – General Matters

Private Interests

The Act defines when a Member has a conflict of interest, or an apparent conflict of interest, for the purposes of the Act. Section 2(1) states that a Member has a conflict of interest when “the member exercises an official power or performs an official duty or function in the execution of his or her office and at the same time knows that in the performance of the duty or function or in the exercise of the power there is the opportunity to further his or her private interest.” Section 2(2) stipulates that a Member has an apparent conflict of interest “if there is a reasonable perception, which a reasonably well informed person could properly have, that the member’s ability to exercise an official power or perform an official duty or function must have been affected by his or her private interest.”

The Commissioner informed the Committee that section 2 only provides for activities that further the private interests of individual Members, and not others such as spouses, family members, friends, or business associates. The Commissioner explained that past office practice has been to interpret “private interest” to include the private interest of individuals other than the Member, and that this should be made explicit in the legislation for greater clarity.

The Committee sees merit in this proposal and endorses amending the Act to clarify that the improper furthering of the private interest of another person or entity is included in the prohibition.

Recommendation

6. Include a prohibition against a Member improperly furthering the private interest of another person or entity.

Insider Information

Section 4 clarifies a Member’s obligations respecting the proper use of insider information, which is defined to include information gained by a Member in the execution of his or her office and not available to the general public. Under the Act, a Member is prohibited from using insider information to further his or her private interest.

Additional restrictions on the use of insider information were proposed in the Commissioner’s submission to the Committee. It was recommended that the Act be amended to include a prohibition against a Member using and communicating insider

information to improperly further the private interest of another person or entity. British Columbia, it was noted, is one of the only jurisdictions in Canada that does not have such a prohibition.

The Committee concurs with this proposal and suggests the Act be revised accordingly.

Recommendation

7. Add a prohibition against a Member using and communicating insider information to improperly further the private interest of another person or entity.

Influence

Section 5 states that a Member must not use his or her office to seek to influence a decision, to be made by another person, to further the Member's private interest.

The Commissioner recommended that section 5 be expanded to explicitly prohibit a Member, when carrying out the duties of office, from using his or her influence to improperly further the private interest of another person or entity. To make such a prohibition explicit in the Act, the Commissioner proposed new wording for section 5.

The Committee agrees that the Commissioner's proposal is reasonable and warrants revision to the Act.

Recommendation

8. Include a prohibition against a Member using his or her office to influence or attempt to influence a decision to improperly further the private interest of another person or entity.

Procedure on Conflict of Interest

The Act describes the procedure to be followed by a Member faced with a possible conflict of interest. Section 10(1) states that "a member who has reasonable grounds to believe that he or she has a conflict of interest in a matter that is before the Legislative Assembly or the Executive Council, or a committee of either of them, must, if present at a meeting considering the matter, (a) disclose the general nature of the conflict of interest, and (b) withdraw from the meeting without voting or participating in the consideration of the matter."

During the inquiry, the Commissioner proposed that the Act be clarified to indicate that the obligation of a Member to avoid conflict of interest extends beyond his or her formal participation in the decision-making process. To this end, the Commissioner recommended that a new paragraph be added to section 10(1) obligating the Member to refrain at all times from attempting to influence the matter.

The Committee considered existing procedures and agrees that changes are needed to clarify the obligations of Members. Accordingly, the Committee supports amending section 10(1) of the Act to prohibit a Member attempting to influence a matter that is the subject of a conflict of interest. In addition, the Committee suggests adding a requirement for a Member facing a conflict or potential conflict-of-interest situation to make a disclosure to the Clerk of the Legislative Assembly in the case of proceedings in the House or in a parliamentary committee. Moreover, in the case of Executive Council or a cabinet committee, the disclosure should be made to the recording secretary.

Recommendations

9. Include a prohibition against a Member attempting to influence a matter that is the subject of a conflict of interest.
10. Add a requirement for a Member facing a conflict or potential conflict-of-interest situation to make a disclosure to the Clerk of the Legislative Assembly in the case of proceedings in the House or in a Parliamentary Committee, or to the recording secretary in the case of Executive Council or a Cabinet Committee.

Gifts and Benefits

Section 7 prescribes rules around accepting extra benefits. Under the Act, a Member is restricted from accepting fees, gifts, or extra benefits connected, either directly or indirectly, with the performance of his or her duties of office. A Member, however, may accept a gift or personal benefit received as an incident of the protocol or social obligations that normally accompany the responsibilities of office. Any gift or personal benefit to a Member exceeding \$250 in value, or if the total value received directly or indirectly from one source in any 12-month period exceeds \$250, must be reported to the Commissioner in a disclosure statement, in the form prescribed by the regulation.

The Commissioner recommended clarifying the rules around accepting extra benefits. In particular, he proposed that a definition of a “gift or personal benefit” be included in the Act, that family members be included in the prohibition, and that a 30-day time frame be adopted for disclosing receipts of gifts and benefits. With respect to the \$250 threshold for disclosing gifts, the Commissioner recommended that this amount remain unchanged.

The Committee considered the adequacy of existing guidelines surrounding extra benefits and concurs that a definition of a “gift or personal benefit” needs to be included in the Act. As well, an amendment is needed to clarify that gifts and benefits given to family members are inappropriate if the intention was to influence the Member. On the threshold for disclosing gifts, the Committee supports the current amount.

Recommendation

11. Add a definition of a “gift or personal benefit”; include family members in the prohibition if the intention of the gift or benefits was to influence the Member; and adopt a 30-day time frame for disclosing receipts of gifts and benefits.

Carrying on a Business or Profession

Under section 9, members of the Executive Council are prohibited from engaging in outside employment if specified activities are likely to conflict with their public duties. The prohibition restricts the ability of a member of the Executive Council to engage in employment or in the practice of a profession; carry on a business; or hold an office or directorship other than in a social club, religious organization, or political party.

The Commissioner reported to the Committee that his office has received a number of requests for permission from members of the Executive Council to attend to their practice occasionally in order to preserve their professional standing (e.g. physicians). The advice given by the office consistently acknowledges that the performance of the minimum activities required by law or by the governing bodies of the member’s profession or occupation does not constitute “carrying on a business” or engaging in employment or in the practice of a profession. Accordingly, the Commissioner recommended that the Act be amended in order to avoid unnecessary damage to a member’s professional standing since certain professions terminate the practitioner’s right to practice after a certain non-practicing period.

The Committee finds the Commissioner’s request to be reasonable and supports an amendment to the Act clarifying that maintaining professional qualifications is permissible under the Act.

Recommendation

12. Stipulate that activities required in order for a member of Executive Council to maintain his or her professional qualifications do not constitute “carrying on a business”.

Part 3 – Disclosure Matters

Commissioner’s Discretion – Consistency between the Act and Regulation

Section 16 requires a Member, within 60 days of being elected, and thereafter annually, to file with the Commissioner a confidential disclosure statement in the form prescribed by the regulation. Pursuant to the Act, the disclosure statement includes a declaration of the nature of the assets, liabilities, and financial interests of a Member, the Member’s spouse and minor children, and private corporations controlled by any of them.

The Commissioner’s submission to the Committee called for changes to provide greater consistency between the Act and the regulation. It noted that the disclosure form was recently updated to provide greater clarity and to exclude certain assets, liabilities and financial interests from disclosure, such as children’s student loans. The Commissioner said that it would be appropriate for the Act to be amended to include wording which makes it clear that the Commissioner has discretion to exclude certain assets, liabilities, or financial interests (e.g. assets/liabilities under a certain threshold) from disclosure obligations.

The Committee sees this as an appropriate change and supports amending the Act to provide greater consistency between the Act and the regulation.

Recommendation

13. Provide the Commissioner with clear discretion to exclude certain assets, liabilities, or financial interests (e.g. assets/liabilities under a certain threshold) from disclosure obligations.

Manner of Disclosure

The current process for filing Members’ disclosure statements with the Commissioner is primarily paper-based. Previous annual reports of the Commissioner have described the process as labour intensive for the office, and time-consuming and onerous for Members.

The Committee heard how the Commissioner’s office is working to replace the paper-based filing system with an electronic one. The new electronic filing system, the Commissioner reported, will reduce paper use, increase administrative efficiency, and be simpler for Members. The Committee was asked to recommend that the Act be amended to give the Commissioner explicit authority to direct the manner of disclosure to allow for mandatory electronic filing.

The Committee supports this change and endorses amending the Act to facilitate the office’s transition to an electronic filing system.

Recommendation

14. Allow the Commissioner to direct the manner of disclosure to allow for mandatory electronic filing.

End of Term Declaration/Exit Disclosure Statement

Disclosure provisions in the Act only apply to sitting Members. The Act does not require departing Members – such as those who resign before their term is over or those defeated in an election – to disclose their financial interests for the period between their last disclosure statement and the date they leave office.

The Commissioner’s submission pointed out that, depending on the timing of a Member’s departure, his or her disclosure statement could be several months out of date. Accordingly, it may be appropriate to include an “exit” disclosure statement in order to ensure transparency of a Member’s financial interests for the entire term of office as an elected official. The Commissioner suggested that a Member could be required to sign a declaration stating that they have reviewed their most recent disclosure statement and confirm that it is still accurate. Those Members with material changes that have not been reported would be required to file a statement of material change. It was further recommended that these statements be submitted within 60 days of leaving office and that Members’ compliance with this requirement be publicly reported, perhaps as a notation on their most recent public disclosure statement.

After due deliberation, the Committee agreed that it is reasonable to add a new provision to the Act requiring all departing Members to submit an exit disclosure statement to the Commissioner. An inclusive definition of a “departing Member” should also be clearly stated in the Act.

Recommendation

15. Require all Members leaving office to submit an end-of-term declaration or “exit” disclosure statement to the Commissioner, including Members who are defeated or are not seeking re-election in an election or by-election, as well as Members who resign or are recalled from office before their term is over.

Online Access to Public Disclosure Statements

Section 17 of the Act requires the Commissioner to prepare a public disclosure statement for a Member containing information provided in the Member's confidential disclosure statement, as well as a statement of any gifts or benefits reported to the Commissioner since the Member's last filing. Certain information is not included in the public disclosure statement, such as the Member's residential address and other personal information. The Commissioner must, as soon as is practicable, file the public disclosure statement with the Clerk of the Legislative Assembly, where it is made available to any person for inspection.

The Commissioner's submission recommended that the Act be amended to require public disclosure statements to be posted online. Providing online access to the statements, it was noted, would bring greater openness and transparency.

The Committee considered this request and agrees that public disclosure statements need to be made accessible in an electronic format, as well as available for public viewing in print form.

Recommendation

16. Require public disclosure statements to be posted online.

Part 4 – Investigation and Inquiry Matters

Preliminary Review/Investigation Stage

Section 21 of the Act empowers the Commissioner to conduct a formal inquiry when requested for an opinion by a Member, a member of the public, the Executive Council, or the Legislative Assembly under section 19. During an inquiry, the Commissioner has the power to order production of documentary records and to summon individuals to attend and have their evidence taken under oath.

In his submission, the Commissioner observed that very few formal inquiries have been conducted in the 20 years the office has been in existence. Rather, information is typically gathered informally by the Commissioner. The Commissioner requested that section 21 be amended to include an option for a preliminary review or investigation to be conducted before proceeding to the inquiry stage.

The Committee supports this recommendation, particularly since a review or investigation stage could help filter out any frivolous or baseless allegations levelled against a Member.

Recommendation

17. Include an option for the Commissioner to conduct a preliminary review or investigation before proceeding to the inquiry stage.

Confidentiality of Information/Applicability of *Freedom of Information and Protection of Privacy Act*

The Committee learned that it is unclear what the status of the Conflict of Interest Commissioner is under the *Freedom of Information and Protection of Privacy Act*. Despite being designated under section 14 of the *Members' Conflict of Interest Act* as an “Officer of the Legislative Assembly” the Commissioner is listed as an “Officer of the Legislature” in Schedule 1 of the *Freedom of Information and Protection of Privacy Act*.

The Commissioner requested that the *Members' Conflict of Interest Act* be amended to include a section stipulating that information brought to the Commissioner’s office must remain confidential. He also asked that necessary legislative changes be made to clarify the status of the Commissioner in the enabling legislation and the *Freedom of Information and Protection of Privacy Act*.

The Committee considered this request and concurs that the Act should be amended to guarantee appropriate privacy protection for information brought to the Commissioner's office, and to ensure consistency in the legislation.

Recommendation

18. Stipulate that information brought to the Commissioner's office must remain confidential, and clarify the relationship between the Act and the *Freedom of Information and Protection of Privacy Act*.

Release of Opinions to Members of the Public

Section 19 of the Act authorizes the Commissioner to provide an opinion on questions referred by a Member, a member of the public, the Executive Council, or the Legislative Assembly. Section 19(2) states that "A member of the public who has reasonable and probable grounds to believe that there has been a contravention of this Act or of section 25 of the *Constitution Act* may, by application in writing setting out the grounds for the belief and the nature of the contravention alleged, request that the commissioner give an opinion respecting the alleged contravention."

The Commissioner's submission pointed out that the Act is silent on how an opinion requested by a member of the public under section 19(2) is to be released. As a result, it is not clear what the Commissioner's obligations are with respect to keeping the allegations and the opinion confidential, and how the opinion should be reported. The Commissioner explained that past practice has been to treat requests from the public as confidential if the matter does not proceed past the preliminary stage. However, the person requesting the opinion is advised that if they make public reference to the opinion, the Commissioner considers confidentiality to have been waived and reserves the right to post the opinion on the office website in its entirety upon providing notice to both parties. The Commissioner recommended that the Act be amended to reflect this practice.

To address any ambiguity, the Committee supports amending the Act to clarify how and under what conditions the Commissioner may release opinions provided to members of the public.

Recommendation

19. Clarify how, and under what conditions, opinions provided to members of the public will be released.

Suspension of Inquiry

The current Act does not contain provisions requiring the Commissioner to suspend an investigation or inquiry if the same matter is the subject of a criminal investigation.

In order to avoid compromising ongoing criminal or quasi-criminal investigations, and to safeguard the rights of the parties to a fair trial, the Commissioner advised that the Act should be amended to require the suspension of an investigation or inquiry in the event that the same matter is the subject of a criminal or other investigation.

This request was considered by the Committee and found to warrant revision to the Act.

Recommendation

20. Require the suspension of an investigation or inquiry in the event that the same matter is the subject of a criminal or other investigation.

Penalties

Penalties for a Member found to be in contravention of the Act are prescribed in section 22. The Commissioner may recommend, in a report that is laid before the Legislative Assembly, that the Member be reprimanded, suspended for a period specified in the report, or fined an amount not exceeding \$5,000. The Commissioner also may recommend that that the Member's seat be declared vacant until an election is held in the Member's electoral district.

During its inquiry, the Committee considered the adequacy of existing penalties for contraventions of the Act. Submissions to the Committee suggested that more stringent penalties, such as recompense for significant financial benefits attained due to a conflict of interest, may be needed. For example, in the Commissioner's opinion, the maximum \$5,000 fine for breaching the Act is not an appropriate ceiling, and does not reflect the seriousness with which such egregious breaches should be viewed. It was recommended that this fine be increased to \$20,000, an amount comparable to the average maximum penalty in other Canadian jurisdictions.

After due deliberation, the Committee agrees that the maximum fine be increased to \$10,000. The Committee also supports a minor revision to section 22(1)(f) so that the words "election or by-election" be inserted in place of "election".

Recommendations

21. Increase the maximum fine the Commissioner can recommend from \$5,000 to \$10,000.
22. Replace the word “election” with “election or by-election” in section 22(1)(f).

Protection of Commissioner

Section 23 of the Act contains provisions protecting the Commissioner in the performance of his or her duties. It states that “No action of any kind lies against the commissioner for anything he or she does under this Act.”

The Commissioner proposed that section 23 be amended to extend this immunity to former commissioners, current and former employees, and those who provide information to the Commissioner.

The Committee considers this to be a reasonable request and proposes that the Act be amended to extend immunity.

Recommendation

23. Expand the scope of protection to former Commissioners, current and former employees, and those who provide information to the Commissioner.

Compellability

Conflict-of-interest legislation in some other Canadian jurisdictions protects commissioners from being compelled to give evidence as a witness in civil proceedings. No similar provisions currently exist in the BC statute.

To remedy this, the Commissioner proposed adding provisions to the Act that would ensure that the Commissioner is not a compellable witness in civil proceedings. This change was described as further protecting the integrity of the Commissioner’s work.

The Committee views this proposal as worthy of inclusion in the Act and recommends appropriate amendment.

Recommendation

24. Stipulate that the Commissioner is not a compellable witness in civil proceedings.

Legal Fees/Costs

The current Act does not contain any provisions allowing the Commissioner to recommend reimbursement to a Member for legal costs incurred in an investigation or inquiry.

Noting that an inquiry under the Act is likely to result in the Member having to retain legal counsel, the Commissioner recommended that the Act be changed to permit a process by which legal fees or costs could be reimbursed to a Member. It was suggested that the Act be amended to allow the Commissioner to recommend that a person who was the subject of an investigation or inquiry under the Act be reimbursed in an amount approved by the Commissioner for his or her legal costs in respect of such investigation or inquiry.

After discussing the matter, the Committee sees merit in adding a mechanism for reimbursement of legal fees or costs to the Act. Adding such a provision, it was noted, would not be akin to an indemnity whereby the costs of a defence would be covered in advance and for all cases. Rather, the Commissioner would be empowered with discretion to review individual cases and to recommend reimbursement for expended fees or costs wherever appropriate.

Recommendation

25. Allow the Commissioner to recommend that a person who was the subject of an investigation or inquiry under the Act be reimbursed in an amount approved by the Commissioner for his or her legal costs in respect of such investigation or inquiry.

Investigations/Inquiries Concerning Former Members

Under the current statute, the Commissioner does not have jurisdiction to commence an investigation or inquiry into the conduct of a former Member. The Act is also silent on whether the Commissioner has jurisdiction to continue an investigation underway against a person who resigns or is defeated in an election.

The Commissioner's submission stated that, in the case of continuing an investigation or inquiry, it is in the public interest that a Member not be able to "resign out" of his or her accountability. It also is in the former Member's interest to have an opportunity to be exonerated. Accordingly, the submission recommended that Act be amended to allow the Commissioner to continue an investigation or inquiry after a Member has ceased to hold office, if either the complainant or the Member requests its continuance. In addition, it was recommended that the Commissioner be empowered to commence an examination into the conduct of a former Member if allegations only come to light after the Member leaves office.

A one-year time limit was proposed for allegations to be brought forward once the Member ceases to hold office.

The Committee agrees that amendments to the Act are warranted to permit the Commissioner to continue and to commence investigations and inquiries into former Members. The expansion of the Commissioner's powers in these areas will strengthen accountability provisions in the Act.

Recommendation

26. Allow the Commissioner to continue an investigation or inquiry after a Member ceases to hold office, and to commence an investigation or inquiry involving a former Member within one year of the person ceasing to hold office.

Part 5 – Miscellaneous

Definitions

For added clarity, the Commissioner’s submission called for updates to some definitions contained in section 1. These included replacing the current definition of “child” in the Act with a definition for “dependent child” meaning “a child of a member or his or her spouse who has not reached the age of 18 years or who has reached that age but is primarily dependent on the member or the member’s spouse for financial support”. The Commissioner recommended that all references to “minor children” in the Act and regulation be replaced with the “dependent child”.

In addition, the Commissioner proposed updating the definition of “private corporation” to mean “a corporation none of whose shares are publicly traded securities.” It was also proposed that a subsection (d) be added to the definition for “private interest” that states: “where the interest is so insignificant in its nature that a decision affecting the interest cannot reasonably be regarded as likely to influence the member.”

The Committee agrees with these changes and endorses incorporating these definitions into the Act.

Recommendations

27. Replace the definition of “child” with a definition of “dependent child”.
28. Revise the existing definitions of “private corporation” and “private interest”.

Terms, Appointment, and Reappointment of the Commissioner

The Act describes the processes used for the appointment, removal, and compensation of the Commissioner. Section 14(2) states that “On the motion of the Premier in the Legislative Assembly and on the recommendation of 2/3 of the members present, the Lieutenant Governor in Council must appoint the person so recommended to the office of commissioner.” Section 14(4) specifies that “The commissioner may be removed or suspended before the end of the term of office by the Lieutenant Governor in Council for cause on the recommendation of the Legislative Assembly.” Currently, the Commissioner is appointed for a term of 5 years, which may be renewed for one or more additional terms. Compensation is paid as may be set by the Lieutenant Governor in Council.

The Commissioner’s submission proposed that section 14 be amended:

- to require that the appointment of the Commissioner require the unanimous recommendation of the Special Committee to Appoint a Conflict of Interest Commissioner (rather than a majority committee decision), followed by the existing requirement of ratification by two-thirds of the Legislative Assembly.
- to include provisions setting out the reappointment process. The term should remain as a five year renewable term.
- so that two-thirds rather than a simple majority of the Legislative Assembly is required to remove the Commissioner.
- so that the Commissioner's compensation is linked to that of the Chief Judge of the Provincial Court in the same manner as the Auditor General.
- to allow for an *ad hoc* Commissioner to be appointed in the event that the Commissioner himself or herself is in a conflict.

The Commissioner also proposed that the Committee give consideration to pension matters, including whether pension eligibility should be entrenched in the Act.

The Committee considered these proposed changes and agreed that some revisions to section 14 are warranted. With respect to the appointment and reappointment of the Commissioner, the Committee agrees that a person should be recommended to the office based on the unanimous recommendation of an all-party parliamentary committee. Furthermore, it is suggested that this committee be a permanent standing committee of the Legislative Assembly, created for the explicit purpose of selecting statutory officers, including the Commissioner. Moreover, the said committee should be empowered to meet as needed and be granted the ability to address compensation issues such as remuneration and pension eligibility.

Regarding the process used to suspend or to remove the Commissioner, the Committee agrees that the Act should be amended to require a resolution passed by two-thirds of the Members present in the Legislative Assembly.

The Committee also endorses a change that would permit the appointment of an *ad hoc* Commissioner in the event that the existing Commissioner is unable to undertake his or her duties due to an actual or perceived conflict. It is recommended that the power to appoint an *ad hoc* Commissioner be vested with the Chief Judge of the Province of British Columbia.

Recommendations

29. Require the appointment and reappointment of the Commissioner to be based on the unanimous recommendation of an all-party parliamentary committee.
30. Require a resolution passed by two-thirds of the Members present in the Legislative Assembly to suspend or remove the Commissioner.
31. Allow for the appointment of an *ad hoc* commissioner by the Chief Judge of the Province of British Columbia in the event that the existing Commissioner is in a conflict.

Contracts with the Government

In addition to the *Members' Conflict of Interest Act*, the provincial *Constitution Act* also contains several sections relating to Members' conduct. Topics covered in the latter Act include prohibited office or contract (section 25), exceptions to prohibitions (section 26), use of vehicles by Cabinet members (section 26.1), and procedure on prohibition (section 27).

The Commissioner's submission pointed out that these provisions are still applicable to Members by virtue of section 19 of the *Members' Conflict of Interest Act*, which allows allegations of a breach of section 25 of the *Constitution Act* to be reviewed by the Commissioner. For greater clarity, it was recommended that the *Members' Conflict of Interest Act* be amended to remove references to section 25 of the *Constitution Act*, and that provisions setting out the restrictions on Members' contracts with the government be included instead in the former Act.

The Committee reviewed this proposal and agrees that references to section 25 of the *Constitution Act* can be removed from *Members' Conflict of Interest Act*. It supports including provisions setting out restrictions on Members' contracts with the government in the *Members' Conflict of Interest Act*, provided that it is clear that these restrictions only apply to the Member (as is now the case under the *Constitution Act*) and not to the spouse or dependent children.

Recommendation

32. Remove references to section 25 of the *Constitution Act* and instead include provisions setting out the restrictions on Members' contracts with the government.

Periodic Review of the Act

The Act does not contain any provisions requiring periodic review by an all-party parliamentary committee. Like the current review, the first review of the Act by the Committee (1997-1999) was initiated by an order of reference of the Legislative Assembly.

To ensure that future statutory reviews take place on a more frequent basis, the Commissioner proposed that a mandatory review of the Act be required every seven years. Regularly scheduled reviews, it was explained, would help to keep the Act up-to-date and responsive to emerging issues.

The Committee sees merit in this proposal and recommends that the Act be amended to require a statutory review by a parliamentary committee once every seven years.

Recommendation

33. Require a mandatory review of the Act every seven years.

Retention and Destruction of Documents

The Act in its current form does not prescribe rules concerning the retention and destruction of documents related to Members.

The Commissioner's submission stated that the current office policy and practice regarding document retention and destruction was adopted pursuant to a recommendation of the Select Standing Committee on Finance and Government Services, which recommended in the December 2002 report, *Financial Review of the Independent Offices of the Legislative Assembly*:

That the private and confidential Member's Disclosure Statement received by the Conflict of Interest Commissioner be retained for a period of five years following the vacating of a Member's seat, and can then be disposed of, unless the affairs of the former MLA are under review by the Commissioner or some other public authority, in which case such records shall be retained until the completion of said review.

The Commissioner proposed that this policy be formalized in the Act through amendment to reflect current office policy and practice.

The Committee agrees with this proposal and recommends that the legislation be revised to clarify the document retention and destruction schedule of the office.

Recommendation

34. Include a provision that sets out the retention and destruction periods for documents related to Members.

Summary of Recommendations

The Committee recommends to the Legislative Assembly that the provincial government implement the following recommendations for legislative amendments to the *Members' Conflict of Interest Act* (the Act):

Part 1 – Scope of the Act

1. Add a section setting out broad obligations of Members similar to section 75 of the Northwest Territories' *Legislative Assembly and Executive Council Act*.
2. Require Deputy Ministers, Assistant Deputy Ministers, Associate Deputy Ministers, Ministerial Assistants, and any other members of a Minister's staff who have routine access to cabinet documents and other sensitive ministry information to file annually, and upon leaving the public service, a signed statement with the Commissioner affirming that they have reviewed the Oath of Employment and the Standards of Conduct and agree to be bound by them.
3. Empower the Commissioner to receive complaints, conduct investigations, and impose sanctions for breaches of the Oath of Employment and/or Standards of Conduct involving such persons.
4. Continue the post-employment restriction for a former parliamentary secretary but limit the restriction period to 6 months and to matters that were the focus of the parliamentary secretary's specific responsibilities.
5. Amend section 8 to clarify that "ceased to hold office" refers to holding office as a member of the Executive Council or as a parliamentary secretary.

Part 2 – General Matters

6. Include a prohibition against a Member improperly furthering the private interest of another person or entity.
7. Add a prohibition against a Member using and communicating insider information to improperly further the private interest of another person or entity.

Add a requirement for a Member facing a conflict or potential conflict-of-interest situation to make a disclosure to the Clerk of the Legislative Assembly in the case of proceedings in the House or in a Parliamentary Committee, or to the recording secretary in the case of Executive Council or a Cabinet Committee.
11. Add a definition of a “gift or personal benefit”; include family members in the prohibition if the intention of the gift or benefits was to influence the Member; and adopt a 30-day time frame for disclosing receipts of gifts and benefits.
12. Stipulate that activities required in order for a member of Executive Council to maintain his or her professional qualifications do not constitute “carrying on a business”.

Part 3 – Disclosure Matters

13. Provide the Commissioner with clear discretion to exclude certain assets, liabilities, or financial interests (e.g. assets/liabilities under a certain threshold) from disclosure obligations.
14. Allow the Commissioner to direct the manner of disclosure to allow for mandatory electronic filing.
15. Require all Members leaving office to submit an end-of-term declaration or “exit” disclosure statement to the Commissioner, including Members who are defeated or are not seeking re-election in an election or by-election, as well as Members who resign or are recalled from office before their term is over.
16. Require public disclosure statements to be posted online.

Part 4 – Investigation and Inquiry Matters

17. Include an option for the Commissioner to conduct a preliminary review or investigation before proceeding to the inquiry stage.

24. Stipulate that the Commissioner is not a compellable witness in civil proceedings.
25. Allow the Commissioner to recommend that a person who was the subject of an investigation or inquiry under the Act be reimbursed in an amount approved by the Commissioner for his or her legal costs in respect of such investigation or inquiry.
26. Allow the Commissioner to continue an investigation or inquiry after a Member ceases to hold office, and to commence an investigation or inquiry involving a former Member within one year of the person ceasing to hold office.

Part 5 – Miscellaneous

27. Replace the definition of “child” with a definition of “dependent child”.
28. Revise the existing definitions of “private corporation” and “private interest”.
29. Require the appointment and reappointment of the Commissioner to be based on the unanimous recommendation of an all-party parliamentary committee.
30. Require a resolution passed by two-thirds of the Members present in the Legislative Assembly to suspend or remove the Commissioner.

33. Require a mandatory review of the Act every seven years.
34. Include a provision that sets out the retention and destruction periods for documents related to Members.

- (5) For the purposes of this section, the management of routine personal financial interests does not constitute carrying on a business.

PROCEDURE ON CONFLICT OF INTEREST

10. (1) A member who has reasonable grounds to believe that he or she has a conflict of interest in a matter that is before the Legislative Assembly or the Executive Council, or a committee of either of them, must, if present at a meeting considering the matter,
